

**CHIMNEY HILL MUNICIPAL UTILITY DISTRICT  
OF HARRIS COUNTY, TEXAS**

**c/o Coats, Rose, Yale, Ryman & Lee, P.C.  
3 Greenway Plaza, Suite 2000  
Houston, Texas 77046-0307**

TO: Residents of Chimney Hill Municipal Utility District ("District")

FROM: Board of Directors

SUBJECT: Solid Waste/Trash Collection Service

DATE: February 22, 2008

---

The Board of Directors of Chimney Hill Municipal Utility District has agreed to assume responsibility for solid waste/trash collection service in all subdivisions within the District. The Board has communicated with the homeowners associations regarding the matter, and the associations have indicated that they are in favor of this course of action.

The advantages to the District's residents include:

- (1) one trash collector will provide service for all of the District's residents;
- (2) residents will pay for trash collection through their water bills rather than separate bills from the trash collector;
- (3) residents will pay less for trash collection service;
- (4) the new trash collector will provide cart service; and
- (5) the new trash collector will pick up heavy trash twice per week rather than once.

The District has approved a contract with Waste Corporation of Texas, also called WCA Waste. Collection days under the new contract will be Wednesdays and Saturdays. The new service will be phased in by subdivision as follows:

- |    |                                      |                 |
|----|--------------------------------------|-----------------|
| 1. | Westbrook Lakes                      | April 1, 2008   |
| 2. | Chimney Hill 4, 5, 6/Eldridge Meadow | July 1, 2008    |
| 3. | Chimney Hill 1, 2, 3                 | October 1, 2008 |

The District will adjust its rates to cover the costs of the new service. The new rates will be included in the water bills and will be phased in according to the schedule above. After these dates, residents should no longer receive or pay a separate bill from their current trash collector.

WCA Waste will deliver to each customer a 95-gallon roll-out cart before the new service begins. Each customer will also receive a letter explaining the services that WCA Waste provides.
